LISTENER VERIFICATION NOTICE

It's a pleasure for us to confirm your reception of WHAS on

WHAS is a clear channel 50,000 watt radio broadcast facility on 840 KHZ on your dial. We hope you'll tune to Radio 84 often in the future.

WHASRADIO 84

LOUISVILLE, KENTUCKY

Thank you for your recent reception report.

WHAS is a clear channel station transmitting on 840 KHz, 50,000 watts both day and night, using a single 664-ft tower. WHAS started in 1922, making it one of the world's oldest.

Reception reports have come from twenty-eight countries on six continents, from every state in the USA, and every province in Canada.

We are pleased to get reports from listeners. We hope you have enjoyed hearing WHAS, and will listen again in the future.

Best wishes!
Charles R. Strickland, Chief Engineer
